THE CAPSELLER AND THE MONKEYS

On a hot summer afternoon, a capseller got tired. He sat under a tree and had his food. After some time he fell asleep.

Soon monkeys on the tree saw the capseller's bundle. They came down and opened the bundle. They saw caps and took all of them on the tree.

Suddenly the capseller got up. He saw the monkeys with his caps on their heads. He shouted at them and threw his cap down. Seeing this the monkeys also threw their caps down.

The capseller picked them up and tied them in a bundle and he went on his way.
